Climb to the highest peak in New England on the world's first mountain-climbing cog railway!

Combining 19th century innovation with 21st century eco-friendly biodiesel technology

- Ride in one of our 6 new **biodiesel** powered engines.
- Your **3-hr/6 mi round trip** includes a round trip ticket, admission to the Mt. Washington Observatory Museum and approximately **one hour to enjoy the summit of Mt. Washington**—the highest peak in the Northeast.
- The **only** cog railway east of the Rocky Mountains!
- Our brakemen give an on-board guided tour of the railway history and surrounding mountains
- **Made in the USA...** The engines and coaches are designed and built at the Cog by its crew of talented machinists and craftsmen.

Notable Highlights • 2017

- Newly renovated Cog Railway Museum at the Base tells the Cog's story.
- Ask about our special events starting in 2016, Steampunk Fest, NH Craftman's Weekend and more...
- Follow the U.S. tour of Peppersass, Engine No. 1, who turned 150 in 2016!
- Steam train departs at 8:00 or 9:00 and **NEW!!** afternoons by request

A Historic & Scenic Train Ride

New Railway Museum!

Enjoy Summit Activities

Cog Brakeman, Martin, gives a guided tour on the trip
